

About the data

c. 1869-1882

Complete run of 'The Spiritualist', later 'The Spiritualist Newspaper', and a partial run of its short lived successor 'Psyche'

A key title of the spiritualist movement, and significant in relation to the development of the movement in the UK

• Strong focus on women, due to their dominance in the movement

The datasets

- Images and METS/ALTO (positional XML)
- Also available as plain text
- 11,577,467 words
- OCR: no clean-up
- Also occasional illustrations within pages

Available at: <https://doi.org/10.34812/3b0g-3j88>

Instructions:

Often tracking changes or topics over time can be interesting, or identifying keywords and themes

'the nation' is our audience – but within that there are often a few key groups: academics, general public ('leisure' interest), children ('education'). You might want to select a group to focus on

Meeting with Sarah 10/11

- initial analysis, feminism and gender analysis
- recuring topic
- have a clear narrative from the beginning
 - narrow down the topic
- check Wikipedia sources on spiritualism for context
- how do we make people want to engage with this topic?

Do we need make every data analysis and visualization coherent? yes, narrow the topic

Can we add some other references or materials to our content? brief introduction

Get help about NLP

What if we focus more on the form and visual effect if NLP don't give us enough information? sure, make it fun
